

LIGHTHOUSE LOFTS

LOCATION	Forest Lake, MN
INDUSTRY	Multi-Family Housing
SQ. FT.	28,819 sq ft
PROJECT TYPE	Ground Up

Now open in downtown Forest Lake, this 5-story, multi-use building is the newest luxury apartment community in the neighborhood.

Lighthouse Lofts Luxury Apartments has four floors of luxury apartment homes with several walkout units on the first floor. The first floor features a new location for Snap Fitness, where residents receive a free membership with their lease. Mallards Restaurant has also opened their new, second location in this retail space.

The modernity of this project is bringing a new atmosphere to downtown Forest Lake. The 8.5-foot ceilings and 6-foot windows in every unit allow natural light into nearly every room of the apartment, and the patios and balconies provide a beautiful view year-round. Residents can use the gas grills in the summer, and they can use the rooftop clubroom as a place to relax, gather in community, or reserve for private events.
